

Present in some 40 nations worldwide, the Roullier Group is an independent, family-based industrial group which has been pursuing an ambitious development policy for the past 50 years. Its 6300-strong workforce is fully committed to its growth - characterised by total sales worth €2 billion in 2008.

Specialising in plant, animal and human nutrition, the success of the Roullier Group is based on its capacity for innovation and above all, on the human dimension of this adventure which brings together women and men united by a single purpose: fulfilling their entrepreneurial ambitions within a highly-motivated multinational!

## Job Description:

### Support Function Management

#### Mission

Our directors and managers act as **real partners** to assist our internal customers with **strategic decision-making**, just like a **service company**. They provide appropriate advice to support customers on a daily basis and supply the tools and indicators necessary for the performance of the various missions.

#### Key advantages

Our **international dimension** and the diversity of our activities provide our directors and managers with the opportunity to develop **motivating and fulfilling projects**.

#### Our opportunities

- Financial Director
- Legal Director
- IT Director
- Purchasing Director
- Human Resources Director, etc.

#### Profiles sought

Our directors and managers are **intelligent and sensible people with an entrepreneurial spirit** who can get their teams mobilised for projects with high added value.

Required training: Business/Engineering Schools, Universities, etc.

Significant relevant experience
